Subharup Biswas

Ex-Student Representative of CSE (Cyber Security) (2027 Batch) at
Techno Main - Salt Lake
Kolkata, West Bengal, India

Summary

I am Subharup Biswas, a Computer Science & Engineering (Cyber Security) undergraduate from Techno Main Salt Lake, graduating in 2027. I am passionate about cybersecurity, ethical hacking, network security, and secure software development. I enjoy exploring emerging technologies, solving real-world security challenges, and continuously expanding my knowledge through hands-on projects and practical learning. Beyond academics, I am committed to developing strong problem-solving, analytical, and programming skills while staying updated with the latest trends in cybersecurity and information security. I believe in continuous learning, collaboration, and building technology that is both innovative and secure. I am always open to connecting with professionals, collaborating on projects, and exploring opportunities that help me grow as a cybersecurity professional.

Experience
